

Brexit – The Uncivil War, Toby Haynes Who's who

Be aware that the film describes three campaigns in the debate for and against British membership of the EU: the official Remain campaign, the official Leave campaign 'Vote Leave', and Nigel Farage and UKIP's Leave campaign. The 'key people' are played by actors. Make sure you know who these characters are, what side of the EU referendum they are on, and their role in the campaign. Search the internet if necessary.
