True love

Short presentation of audio design: "One Thing", p. 88

On your own, re-relisten to Jason singing "One Thing" in ep. 1 (14:00-18:45 minutes), this time focusing on the audio design. Fill out the boxes below with details that you find significant – funny, strange, or otherwise noticeable.

Timecode	Voices (singing, dialogue)	Music (instruments, harmonies, shifts)	Sounds (diegetic, nondiegetic)
14:00-15:00			
15:00-16:00			
16:00-17:00			
17:00-18:00			
18:00-18:45			

Team up with two other students and prepare a short presentation of the use of voices, music, or sounds. You can choose between the three.

Your presentation must:

- give five examples from the entire song
- contain an analysis and interpretation of the examples. Feel free to refer back to your previous work on the characters and the three-act structure
- last approx. 10 minutes.
